

# Conference Agenda

<b>Friday, May 14, 2010</b>	
8:00am - 9:00am	Registration with Continental Breakfast
9:00am - 10:00am	Len Ochs, Ph.D. <i>Making Use of Sensitivity and Reactivity Information</i>
10:00am - 11:00am	Keynote Speaker Beverly Rubik, Ph.D. <i>Fundamental Questions About the LENS and Their Significance for Clinical Neuroscience</i>
11:00am - 12:30pm	Panel: Infants and Children Cory Hammond, Ph.D.: <i>15 month old Uncontrolled Epilepsy</i> Nick Dogris, Ph.D.: <i>2 ½ years old diagnosis with Autoimmune Lymphoproliferative Syndrome (ALPS)</i> Merlyn Hurd, Ph.D.: <i>18 month old autism spectrum</i> Mary St.Clair, MSW, BCIA-EEG: <i>4 year old sensory integration, explosiveness and hyperactivity and 5 ½ year old Autistic Spectrum</i>
12:30pm - 1:00pm	Tom Brod, M.D. <i>LENS with Complex Psychological Cases</i>
1:00pm - 2:30pm	Lunch Roundtable Discussion with Keynote Speaker and Experts Beverly Rubik, Ph.D. Tom Brod, M.D. <i>Combining LENS with Psychotherapy</i> Nick Dogris, Ph.D. Cory Hammond, Ph.D.
2:30pm - 4:00pm	Complex Case in Small Group Discussion
4:00pm - 4:15pm	Break
4:15pm - 5:45pm	Complex Case in Small Group Discussion Continues
5:45pm - 6:00pm	Complex Case Comments: Len Ochs, Ph.D.
<b>Saturday, May 15, 2010</b>	
9:00am - 10:00am	Continental Breakfast
10:00am - 11:00am	Keynote Speaker James L. Oschman, Ph.D. <i>Exploring the Biology of Pulsing Electromagnetic Fields: The Language of the Cell</i>
11:00am - 12:30pm	Cathy Wills, MSN, CNS, RN <i>Mysteries of the Advanced Protocols Revealed</i> Nick Dorgis, Ph.D. <i>Nick's Protocols Revisited</i>
12:30pm - 1:00pm	Cory Hammond, Ph.D. and Sarah Hunt Harper, Ph.D. <i>Are We Missing Half of the Picture? Monopolar vs. Bipolar LENS Training</i>
1:00pm - 2:30pm	Lunch Roundtable Discussion with Keynote Speaker and Experts James L. Oschman, Ph.D. Lisa Merrifield, Ph.D. Mike Beasley MS, NCBTMB Stephen Larsen, Ph.D. <i>Publishing Research and Preparing Material: Book #2 on LENS</i>

	<p>Carl Schwartz  <i>Offset Protocol and NLP: Mindfulness in Action</i>  Sarah Hunt Harper, Ph.D., Barbara Blume, and Robin Larsen  <i>LENS with Animals</i></p>
2:30pm - 4:00pm	<p>Len Ochs, Ph.D.  <i>Power Behind Map Sequences and the LENS New Interface</i></p>
4:00pm - 4:15pm	<p>Break</p>
4:15pm - 5:15pm	<p>Paul De Niet, Ph.D., Clinical Psychologist  <i>Research Status Update</i></p>
5:15pm - 5:45pm	<p>Lydell Lybarger, RN  <i>Suppression Map as a Guide for Immediate Relief of Migraines:  Two Brothers ages 4 and 9</i></p>
5:45pm - 6:00pm	<p>End of Day Summary</p>
<b>Sunday, May 16, 2010</b>	
9:30am - 10:30am	<p>Keynote Speaker  David Keyser, Ph.D.</p>
10:30am - 12:00pm	<p>Mike Beasley, MS, NCBTMB  <i>Brain Stem Stroke Recovery Using LENS:  Nine Years Post and Still Improving</i>  Cory Hammond, Ph.D.  <i>Symptoms and QEEG Changes Following LENS Treatment of Severe TBI</i>  Glenn Marks, Ph.D.  <i>Using LENS to treat Iraqi and Afghanistan War veterans</i></p>
12:00pm - 1:30pm	<p>Special Sunday Brunch Buffet, No Host Tables</p>
1:30pm - 3:00pm	<p>Len Ochs, Ph.D.  Ask the Expert: <i>How to Evaluate Patients Before Using the LENS</i></p>
3:00pm - 4:30pm	<p>Lisa Merrifield, Ph.D.  <i>Not Quite Autism: When Sensory Integration Problems Predominate</i>  Carl Schwartz  <i>Using the Offset with NLP to Reduce and Reorganize  the Negative Valence of Conflicted Beliefs</i>  Stephen Larsen, Ph.D.  <i>Using the LENS post stroke</i></p>
4:30pm - 5:00pm	<p>Summary of Conference</p>
